

NEW CARS COME OUT AFTER JULY 1

FIRES SWEEP
TOKYO AFTER
BIG B-29 RAIDCONGESTED FACTORY
AREA AND RAIL
YARDS RAZED

BY HAMILTON FARON

Guam, Friday, May 25 (AP)—Flames swept the Shinagawa industrial area of Tokyo hours after the biggest Superfortress raid in history—more than 550 planes—showered 9,000,000 pounds of incendiary bombs on the Nipponese capital yesterday.

Japanese imperial headquarters, never prone to give an expansive report on aerial raid damage to the homeland, said that five and one-half hours after the big planes struck the city at 1:30 a. m. (12:30 p. m. Wednesday, U. E. Eastern War Time), "almost all fires" were extinguished.

Tokyo radio broadcast also an unconfirmed report that around 180 American carrier planes raided Nipponese airfields on the southernmost home island of Kyushu. Dornier, Japanese news agency, said the attack lasted about two hours and inflicted "relatively light damage."

Under Full Moon
The Superfortress squadrons smashed Tokyo under a full moon, dumping their loads on a concentrated area of Japan's precision instrument and machine tool industry.

Returning fliers said the flames licked through factories and waterfront rail yards which handle one-third of Japan's rail traffic, and the fires were visible 200 miles away.

Japanese headquarters reported only "some 250" B-29s made the attack and while omitting mention of damage to industrial plants said an arrow in the imperial palace was hit and "an establishment" inside the Akasaka palace grounds was destroyed.

The Nipponese communiqué also made the unconfirmed claim that 27 Superfortresses were shot down and 30 more heavily damaged.

Combat Casualties
Near Million Mark

Washington, May 24 (AP)—Army and Navy combat casualties since Pearl harbor have reached 996,000, including 224,546 killed, 602,511 wounded, 68,307 missing and 100,725 taken prisoner.

This total, released today, added only 9,875 to last week's figure, apparently reflecting the gradual cessation of fighting in Europe during the latter part of April.

Navy casualties now total 109,564 and those of the Army 886,525 on the basis of names compiled through May 14.

The War Department also disclosed preparations to take care of increasing casualties in the war against Japan.

Two additional hospital ships are now en route to the Pacific and hospital ships operating in the Atlantic soon will be shifted there. More nurses, doctors and other medical personnel also will be sent to the Pacific.

DISEASE INCREASES

With American Occupation Forces in Germany, May 24 (AP)—A sharp increase in venereal disease among American combat troops since assignment to guard duty in Germany was disclosed tonight by army medical reports.

Weather

(Reported by U. S. Weather Bureau)

LOWER MICHIGAN: Partly cloudy and mild Friday and Friday night. Scattered showers in extreme west portion. Saturday mostly cloudy with occasional thundershowers. Cooler in north-west portion.

UPPER MICHIGAN: Mostly cloudy and mild with occasional showers Friday and Friday night. Saturday cloudy and cooler with showers in forenoon. Moderate southern winds Friday, becoming fresh northeast to north Friday night.

NEW CABINET MEMBERS—President Truman, in a drastic reshuffle of his cabinet, has accepted the resignations of Attorney General Francis Biddle, Secretary of Agriculture Claude Wickard, and Secretary of Labor Francis Perkins. Fill in their places are the three new appointees pictured above, left to right: Rep. Clinton Anderson, (D-N. M., secretary of agriculture; Tom C. Clark, Dallas, Texas, former assistant attorney general; and Federal Judge Lewis B. Swollenbach of Spokane, Wash., secretary of labor.

Truman Asks Authority
For Unlimited Changes
In Government Setup

BY W. H. MOBLEY

Washington, May 24 (AP)—President Truman asked today for continuing authority, subject only to an affirmative veto from congress, to make unlimited changes in the administrative set-up of government.

Such legislation is needed, he said, to make the executive branch, "more business-like and efficient."

The requested legislation would extend to non-war operations, and into peacetime years, the reshuffling power which the chief executive now holds on a wartime basis over government offices and affairs having to do with the war.

Mr. Truman, in a message to congress asking for the authority, was very specific that he wanted no strings on it other than the veto.

The veto proposed for congress would arise from a provision which Mr. Truman suggested be

incorporated direct from the reorganization act of 1939. Under that legislation administrative shifts proposed by the president went into effect unless both houses of congress, by majority vote within 60 days, passed a resolution of disapproval.

The permanent nature of the power asked by Mr. Truman would be a major departure from past practice. The 1939 act was called permanent legislation but it provided only for shifts made effective by January, 1941. It therefore was permanent only insofar as it gave continuing legal backing to reorganizations carried out by that date.

President Roosevelt set up such executive offices as the Federal Security Agency, the Federal Works Agency, and the Federal Loan Agency, under that law.

The president's wartime power over some government functions is still more temporary. It stems from the first war powers act of 1941. Its application is limited to war-connected operations. Without some such law as the president proposed today, any shifts made under it will be nullified six months after hostilities end, and the affected agencies will revert to their original status.

The president's call for reorganization authority over all administrative agencies without exception appeared certain to meet some opposition.

YANKS WIND UP
MINDANAO DRIVEForces Joined By Three
Divisions; Campaign
In Mop Stage

BY CLYDE BARTEL

Associated Press War Editor

Three American divisions joined forces in north central Mindanao Wednesday. Gen. Douglas MacArthur announced today, splitting in two the remnants of the Japanese garrison on the big Philippine island.

Heavy rains hampered the American drive on southern Okinawa, but on the west flank the 6th Marine Division built two bridges over the Asato river under fire and put units across the stream, while on the east flank the Seventh Infantry Division made important advances against stiff opposition.

The Japanese showed offensive action with the Tuesday landing of reinforcements from warcraft on the east coast of China. 30 miles northeast of the recently liberated port of Foochow, where the Nipponese fear American forces may land.

In the Philippine theater MacArthur said the "Mindanao campaign has reached the mopping-up stage" with the juncture above Malaybalay of Eighth Army 40th and American Divisions, driving from the north, and the 31st Division, which pushed up from the south. The meeting clinched the American hold on the island's vital central road network.

Whisky Distillers
Get Holiday For
July Production

Washington, May 24 (AP)—Chairman J. A. Krug of the War Production Board today announced that distillers would get a month-long "holiday" for production of liquor in July.

Krug made the announcement at a news conference at which he also said the automobile industry has been authorized to make about 200,000 passenger cars this year if they can get the materials. The automobile production announcement was released this afternoon in Detroit.

ATLANTA PROUD
OF GEN. HODGESLady In Red Hat Says
Remember Me?"
And Gets Kiss

Atlanta, May 24 (AP)—"Remember me?" called the orchid-bedecked lady in the little red hat.

The tanned, military man with stars on the shoulders of his field jacket stopped, held up the procession of generals, GIs and civilian dignitaries, while the kiss he gave her said that he did.

And that is how the commanding general of the First American army greeted the wife he left behind 15 months ago when he went to the European theater of war.

The episode today followed a 15-mile parade from Atlanta's Municipal airport, bringing Gen. Courtney H. Hodges, six other General officers, field officers and enlisted men back from a victorious campaign against the Nazis.

From the moment of that first meeting, Mrs. Hodges remained in the background. She did not go to the airport to meet her husband, but remained at a hotel where the other wives and families awaited their returning heroes.

"He belongs to the people" she said, proudly looking about her at the thousands who cheered him and the heavily service-striped men in the military cortege.

And he did belong to the people from the moment his big silver plane landed through the lined streets of suburban Atlanta to the instant he stood with seven other native Georgians taking a bow with the GIs because "I'm just one of the boys, too."

He continued to belong to the people through the evening as he attended a celebration at Atlanta's Municipal auditorium. He told them that he had to "see this thing through to the finish" and that he was going to the Pacific to fight the Japs.

Rebate By Detroit
Edison Is Ordered

Lansing, May 24 (AP)—A new order of the state public service commission today instructed the Detroit Edison company to rebate \$10,450,000 to its 1944 customers and to reduce its rates the same amount in 1945.

The order denied the utility's right, when fixing rates, to charge against normal operating expenses \$9,000,000 in federal excess profits taxes and \$1,450,000 for a postwar reserve fund.

"We feel the company is making a great deal of money in the war effort, as reflected in its excess profits taxes, and that the rates which produce these taxes are therefore unreasonable," Chairman William J. McBrearty said.

The chairman said the new order reaffirms a previous order but that the verdict was reached by a slightly different route. He noted that only two of the five present commission members were members when the previous order was issued.

Ship Repair Firm
To Leave Superior

Cleveland, May 24 (AP)—The American Ship Building Company announced today it would concentrate ship repair and construction activities on the lower lakes following disposal of its Superior Wis., repair yard at auction next month.

Surplus real estate in Buffalo, Cleveland and Chicago also will be sold at auction, the concern said.

STORE WRECKED

Jackson, Mich., May 24 (AP)—An explosion wrecked a drug store at Leslie today, causing burns and injuries to Carl Robinson, 57, his proprietor, and his sons, Linwood and Leonard.

They were treated at a hospital. An accumulation of gas was blamed. Both front and back of the store were blown out.

MARINES PUSH
INTO OKINAWA
CAPITAL CITYJAP STRONGPOINTS
INSIDE NAHA
REDUCED

Guam, Friday, May 25 (AP)—

Across bridges thrown over the Asato river under enemy fire, Sixth Division Marines reinforced their forces fighting inside the capital city of Naha on the west coast of Okinawa Thursday.

Marine patrols fought throughout the day inside the rubble of the city to reduce Japanese strongpoints.

On the east coast, Seventh Division infantrymen in the face of stiff resistance drove further south below captured Yonabaru in what today's fleet communiqué reported as "important advances."

Heavy mud restricted operations elsewhere along the "little Siegfried line."

Bomb-harassed Japan sent down more planes to relieve the worsening situation of the Nipponese garrison on southern Okinawa. Raiders succeeded in damaging a "light unit" of the American fleet Wednesday night.

Enemy Attacks Ie

Thursday numerous groups of Japanese planes began attacking American forces ashore and afloat on the island of Ie a mile west of Motobu peninsula on the north-west coast. Acknowledging "some damage to installations," the communiqué said that at 10:30 p. m. the attacks were continuing. By that time, 15 raiders had been destroyed.

U. S. military government authorities are developing facilities on Okinawa for the administration of more than 139,000 civilians already under their control. Eighty-two per cent of these are women and children under 17. The majority of adult males were drafted into labor service by the Japanese prior to the U. S. landings April 1.

American escort carrier planes continued Thursday to pound Japanese airfields on Sakishima, in the southern Ryukyus.

Today's communiqué reported that light naval units, presumably destroyers, bombarded Surabachi port and installations on the east coast of Paramushiro in the Kuriles Sunday. Fires and explosions resulted. Two enemy planes were driven off before they could cause damage to the warships.

Airmen Come Home
From British Bases

London, May 24 (AP)—U. S. Eighth Air Force headquarters announced today that 40,000 air and ground crew members from 14 American heavy bomber bases in England would be flown back to the United States within from 30 to 60 days.

About 20,000 remaining men from the same groups will follow by water. The announcement said leaves and furloughs will be granted all of them "as soon as possible" after arrival. Of the remaining forces it was announced that some will go directly to the Pacific.

After home leaves, all men moved to the United States will return to the original organizations "and will not be assigned to replacement or redistribution centers," it was stated.

Liberator groups scheduled for immediate return to the United States include the 44th, 93rd, 389th, 392nd, 445th, 446th, 448th, 453rd, 458th, 466th, 467th and 491st. Flying Fortress groups include the 91st, 351st, 381st, 398th, 401st, 457th and 82nd.

Mass Repatriation
Program Outlined

Paris, May 24 (AP)—The western Allies have agreed with Soviet military authorities on the greatest mass repatriation program in history, involving the movement of 2,500,000 persons, supreme headquarters announced tonight.

Among those to be repatriated are between 15,000 and 20,000 American prisoners of war and from 25,000 to 30,000 British prisoners behind Russian lines.

Chase Osborn, 85,
Fractures His Hip

Albany, Ga., May 24 (AP)—Chase S. Osborn, 85, former governor of Michigan was reported to be in good physical condition today to undergo a setting operation for a fractured hip at a local hospital.

Osborn, who has spent the past 30 winters at his home at "Possum Poke" near Poulton, Ga., suffered the injury in a fall from his bed Wednesday morning.

Himmler Caught,
Kills Self With
Phial Of Poison

British Second Army Headquarters, May 24. (AP)—

Heinrich Himmler, arch-executioner for Hitler's Third Reich, died last night by biting into a tiny glass vial of poison he had concealed in his mouth.

The owlish chief of the German Gestapo and of Hitler's SS troops, whose orders condemned hundreds of thousands of conquered civilians and Germans to death, took his own life in the parlor of a house in Luenen as a British medical officer searched him.

The man for whom the Allies had conducted an intensive manhunt since Germany capitulated died clad only in a pair of socks.

Civilian clothes had been stripped from him as a medical examiner made an exhaustive check.

Tiny Container Crushed

It was when the physician ordered him to open his mouth and forced back his tongue for a closer look that Himmler decided the end had come.

With a quick shake of his head, Himmler dislodged a tiny glass container which he apparently had kept lodged along his gums since his capture three days before.

He crushed the vial between his teeth and fell to the floor. Fifteen minutes later, at 11:04 p. m. (5:04 p. m. Eastern War Time) Germany's No. 1 war criminal was dead.

The British second army headquarters disclosed that he had been picked up unrecognized three days before as he and two SS bodyguards attempted to slip across a bridge west of Hamburg.

At the time of this arrest Himmler was disguised with a black patch over his right eye. His mustache was shaved from his thin, upper lip.

Papers Arouse Suspicion
He was in civilian clothes and he carried forged papers purporting to identify him as "Hitzinger."

The papers failed to satisfy the guards, who took all three men to the field security police, who in turn passed the trio back to a detention camp.

There Himmler still remained unrecognized, but some time later he demanded an interview with the camp commander.

Summoned before a British officer at 7 p. m. Wednesday, he calmly removed the black patch and donned glasses.

Thus, with a dramatic touch, he revealed himself as Hitler's terrorist.

British officers immediately ordered Himmler stripped of all clothing and despite vigorous protests searched him carefully for hidden poison.

A small blue vial was found in his clothing, but developments proved that this was not Himmler's trump card with which he intended to cheat the Allies of vengeance.

Wrapped In Blankets
Unknown to his captors, he apparently had a second vial in his mouth, and presumably had kept it there continuously since he was

FAMILY OF FIVE
DIES IN BLASTParents And 3 Children
Perish In Home
Near Pontiac

Pontiac, Mich., May 24 (AP)—A family of five perished today in an explosion and fire that destroyed the interior of their home near Clarkston, north of here.

The dead were James Hunt, 45, his wife, Bessie, 37, and their three children, Zonia, 17, William, 9, and Patricia, one.

Fellow workers of Hunt's at the General Motors truck plant in Pontiac discovered the tragedy when they stopped to pick him up in their automobile and noticed the house smoking and a window blown out.

Sheriff Ed K. Thomas said flames apparently were spread through the interior of the home by the blast. After an investigation he expressed a belief that fumes from a gallon bottle of cleaning fluid found near the stove caused the explosion.

Hunt apparently grabbed his infant daughter in a futile attempt to save her, according to Thomas, while the other members of the family barely had time to leave their beds before they died.

The fact that the bodies were not badly burned, the sheriff said, indicated the five died from inhaling either flames or gas.

HEINRICH HIMMLER

JOB PINCH DUE
BY END OF 1945Layoff Of 300,000 To
Cause Unemployment
In Michigan

Lansing, May 24 (AP)—Michigan will not face a serious employment problem until the end of 1945 when approximately 300,000 workers will have been laid off of war jobs, C. C. Carlton, vice president and secretary of the Motor Wheel Corporation in Lansing, predicted today.

The first 200,000 persons who will be affected by production cutbacks, Carlton said, probably will "disappear from the labor market," most of them going back to their homes in other states.

In a report to the state planning commission, Carlton said that by Sept. 1, 1,200,000 fewer people will be employed in the automobile industry in Michigan.

"Of the workers laid off at Willow Run, 54 per cent were not in Detroit two weeks later," he reported.

Although large numbers of women are being let out of work, Carlton said a survey he had conducted among workers in his plants showed they would not be a serious problem on the labor market.

"Fifty-four per cent said they were through working in factories for good, and 70 per cent said they did not want to work at all at this time," he told the planning body.

Communists Seek
Revival In U. S. A.

New York, May 24 (AP)—American Communists, who disbanded as a political party a year ago, are making "a most careful inventory" of their position and may resume direct political activity.

This was disclosed today by Earl Browder, president of the Communist political association, who urged "most respectful consideration" of a French Communist leader's assertion that the American party should not have been dissolved.

The Daily Worker, edited by Browder, published in full an 11,000 word article in which Jacques Duclos, prominent French Communist asserted that Browder's policies had "swerved dangerously from the victorious Marxist-Leninist doctrine."

Tieup Of Chicago
Trucking Broken

Chicago, May 24 (AP)—Trucks rumbled through Chicago under government supervision tonight, whittling at stocks of goods piled up at terminals and warehouses during a week-long strike.

Total normal operation by tomorrow morning was forecast by Ellis T. Longenecker, Federal manager under an Office of Defense Transportation seizure order.

HERRING DUMPED BACK

Stignaway, Scotland, May 24 (AP)—Catches of herring are so large at this center of the Scottish fishing industry that the Herring Producers association tonight advised fishermen to dump their catches back into the sea in order to maintain prices. More than 750,000 herrings were brought in Thursday by 50 boats.

OUTPUT LIMIT
IS 200,000 IN
PRESENT YEARAUTOMOBILE PLANTS
MAY ORDER THEIR
MATERIALS NOW

BY DAVID J. WILLKIE

Associated Press Automotive Editor

Detroit, May 24 (AP)—Production of 200,000 passenger automobiles this year was formally authorized today by the War Production Board, carrying out decisions reached at WPB-industry conferences in Washington a week ago.

Tied to the authorization, however was a stipulation that the industry must find its own materials in the "free market," that it could not be accorded materials priority.

Ready by October

Under the authorization car manufacturers are permitted to place orders now for materials, delivery to start after July 1. Henry P. Nelson, WPB coordinator for the automobile industry in the reconversion effort, said few if any manufacturers would be able to get cars off the assembly lines before October 1.

Nelson added that WPB had been advised by Chester Bowles, head of the Office of Price Administration, that rationing of new cars would continue until essential users' needs can be met. Nelson expressed it as his own opinion that rationing could be terminated by next January 1.

Nelson said the exact date that each car maker will begin production after July 1 would depend upon his own individual circumstances with respect to tooling up and the availability of materials and facilities. He added that the WPB probably would authorize production of 400,000 cars during the first quarter of 1946 and probably 2,000,000 vehicles by the end of the industry's first year of production.

Prices Not Known

Practically every manufacturer, Nelson said, plans to get back into production first with the body types he can get with the least delay. He said there had been no decisions yet respecting retail prices of the new cars.

"I don't think," he said, "that any manufacturer knows yet what his prices should be."

In announcing that "any new manufacturer who wants to get into the production of automobiles would be permitted to apply for a quota," Nelson said the WPB would not be able to give him priorities for plant construction, facilities and equipment.

"If he has facilities, he can make application," Nelson said, and added: "To date there has been no indication that any new manufacturer wants to enter the business at this time."

Must Relax Controls

The WPB announcement brought from industry spokesmen a statement that much remained to be done before production could be undertaken. Said George Romney, managing director of the automotive council for war production:

"Various government agencies which should coordinate their changes in regulations and relaxation of controls, or take other specific action to clear the way for prompt automotive reconversion, have not yet acted."

"Elimination of all war manufacturing controls is essential."

COAL AND ASH DEVICES BUILT

New Facilities Are Being Installed By C&NW Railroad

An electrically operated, multiple track coal chute is being installed for the Chicago and North Western railroad north of the roundhouse in Escanaba, it has been announced by L. C. Smith, district engineer, and a modern, electrically operated ash handling plant has been installed. The installations are being made by the Ogle Construction company, of Chicago. The improvements cost \$65,000, Smith reported.

The new coal chute replaces antiquated equipment that has been used by the local railroad here for the loading of coal on locomotives for many years. Foundations for the coal chute have already been driven.

A modern welfare building costing \$12,000, has been constructed for the railroad at the car repair yards by A. M. Arntzen, local contractor, and similar installations are being constructed at Iron Mountain and at Iron River. The Phoenix company, of Iron River, has the contract for the Iron Mountain building, estimated to cost \$9,000, and A. H. Proksch, Iron River, is the contractor for the installation at Iron River, estimated to cost \$12,000.

The welfare buildings are complete with rest rooms, lavatory and toilet facilities, showers, locker rooms, etc., for the convenience of company employees.

**Tourist Lodge Will
Open At Menominee**

Lansing — Anticipating an increase in tourist travel between Illinois, Wisconsin and Michigan this year if expected gasoline rationing increases materialize and to make available detailed information to tourists visiting Michigan, Highway Commissioner C. M. Ziegler of Michigan has ordered the Michigan state highway department tourist information lodge on US-41 at Menominee, Mich., opened this summer.

The tourist information lodge was closed late in 1943 due to a tremendous decrease in tourist traffic but was opened for a few months last summer. The Menominee Chamber of Commerce will operate the lodge for Michigan, starting June 1, and it is expected the lodge will remain open daily throughout the year after that date.

Himmler Takes Poison; Death Cheats Allies

(Continued from Page One)

to forestall an attempt to take any poison which might still be hidden, his captors took his clothing from him.

Himmler was given the choice of donning British battle dress or wrapping himself in blankets. He chose the latter and was removed by automobile to a house in Luenberg for detention.

There he quickly was confronted by a British medical examiner who ordered him stripped for the fourth inspection since his arrest. He cast aside the blankets and doffed his shirt, pants, marching boots and sweater which he had been allowed to put on.

The physician then made a painstaking examination of his feet, hands, his entire body—even the ears. Then Himmler was ordered to open his mouth and roll back his tongue.

His response was unsatisfactory and the doctor ordered him to approach the light and open his mouth again. The examiner probed inside with his finger and as he did so Himmler jerked back and shook his head. There was a crunch of glass and he fell to the floor.

Face Smug In Death

Efforts were made by the medical officer and others to revive him, but the potassium cyanide brought death in a quarter of an hour—a far quicker and less painful death than that of the thousands of Nazi power.

To observers, there was not even the satisfaction of being able to say he died a grim death, for his face looked smug.

It was an odd coincidence that Himmler was picked up at Bremervoerde, for that was one of the last places where British troops fought.

But it was not surprising that Himmler had been able to keep out of Allied hands for so long, because the entire area was thronged with displaced persons.

It was peculiar justice that Himmler should have been driven to hide there, for vast numbers of the displaced persons are Poles, the people whom Himmler helped to massacre.

In this area entire villages have been taken over by the Poles. You see little red and white Polish flags flying from farm houses.

Nearly everyone in sight is wearing either the Polish colors or small badges with the letter "P" on their lapels.

But that doesn't soften the harsh fact that the Allies have been cheated completely of the chance of bringing the chief Nazi gangster to trial.

ADMIRAL IS SUICIDE

Paris, May 24. (AP)—Supreme headquarters confirmed today that Gen. Admiral Georg von Friedeburg, last commander of the German navy, committed suicide yesterday afternoon by taking poison in the bathroom of his home in Flensburg, Germany.

REQUIRED PERMISSION

In World War I, no American soldier who died fighting abroad was left to lie on foreign soil except at the express wish of his next-of-kin.

Newberry

Banquet

Newberry, Mich.—The Business and Professional Women gave a banquet in honor of the Newberry Senior girls who graduate this year, Tuesday evening in the dining room of the community building.

The girls arrived in formals at 6:30. Everyone found their name card and then Miss Marion Gerlach lead the group in singing a few songs. Dinner was served immediately afterwards. The menu consisted of baked ham, scalloped potatoes, salad, buns, cake and coffee or tea.

After dinner was served, Miss Helen Forbes welcomed the guests and then turned the program over to Cora Sherman. She announced the following speakers: Madge Berglund, Ruth Stephens and Bertha Swanson. Mrs. Berglund spoke on business and home-making. Miss Stephens spoke on office work and Miss Swanson spoke on the various fields of nursing.

The program was then turned over to Marion Gerlach. She announced that the girls would all stand up and give in a sentence or two what their plans were for next fall. Miss Theresa Cillemure then read a poem, "The Best You Have." Miss Dorothy Erickson sang, "In a Green Cathedral", accompanied by Miss Gerlach. Miss Phyllis Sergeant played a piano solo "Poeme" by Zdenko Fibich.

The girls were each presented with a lovely gift of stationary, powder and perfume. Miss Betty Freeman, on behalf of the senior girls, thanked the Business and Professional Women for the lovely banquet that was given in their honor. The program was brought to a conclusion by singing "Good Night Ladies."

The tables were attractively decorated with candles, greens and flowers.

Honor Roll

The Luce County Honor Roll, has been placed in position in front of the community building. It contains the names of all Luce county men who have entered the U. S. armed forces during World War II.

The name of each service man appears on a black card in white letters, and space is reserved for additional names as more men are inducted into the service. The whole is enclosed behind plate glass. The plaque is of rustic design, and was constructed by John Stark, local builder.

Briefs

Mrs. Eunice Story has received word that her son Pvt. Marvin Story was liberated the 3rd of May. Pvt. Story was a German prisoner for five months.

J. P. Rahilly returned from a business trip to Chicago, Wednesday.

THE OLD JUDGE SAYS...

MARY: "Jim, didn't you say you wanted to ask the Judge something about grain, the next time you saw him?"

JIM: "That's right, I did, Mary. Is it true, Judge, that distillers recover part of the grain they use in making war-alcohol?"

OLD JUDGE: "That's absolutely true, Jim. Wherever the government has permitted distillers to purchase the equipment necessary to reprocess the used grain, at least 50% of the feed value (25% by weight) of the whole grain is recovered. It comes back to farms like yours in the form of premium-quality livestock feed... rich in vitamins B₁ and B₂."

JIM: "Is the same thing true when distillers are permitted to make whiskey, Judge?"

OLD JUDGE: "Yes, every bit as true, Jim."

ACTIVITIES—Delta Bridge
League Ends
Busy Season

The Delta Bridge League concluded its season with its largest turnout of the year in attendance. The meeting started with election of the board of directors for the coming year, then a large section of duplicate contract bridge and this was followed by a very fine buffet lunch which was served by the Elks club.

The results of the balloting on directors showed that the following members had been elected. Mrs. J. E. Byrns, Mrs. J. Card, G. E. Dehlin, B. M. Howe, E. J. Kremer, Mrs. J. A. Lemer, L. W. Olson, Mrs. R. L. Parsons and Mrs. W. Shepek. This board will in the near future meet and from themselves elect the officers who will serve for the coming year.

In this final session the following pairs posted scores of 50 per cent or better.

North-South
Mrs. L. W. Olson and E. J. Kremer 67.34.

Mrs. C. E. Johnson and Mrs. E. Beck 61.24.

Mrs. E. Murphy and Mrs. W. J. Clark 57.53.

Mr. and Mrs. J. F. Card 56.97.

Mrs. E. A. Christie and Mrs. R. Louis 55.32.

Mr. and Mrs. W. Jensen 54.37.

Mrs. W. W. Oliver and Mrs. H. Mallock 53.89.

C. Buckbee and H. Holderman 52.26.

Mrs. J. J. Walch and Mrs. H. Shepek 51.78.

Mrs. J. E. Byrns and Mrs. H. Reynolds 50.00.

East-West
Dr. J. J. Walch and H. H. Shepek 64.32.

Mr. and Mrs. H. Needham 61.12.

Mrs. H. Mashek and Miss D. Mashek 59.43.

Mr. and Mrs. J. Ferguson 57.36.

Mr. and Mrs. Remington 56.23.

Mr. and Mrs. C. W. Murdock 55.97.

Mrs. A. Kraus and Mrs. W. Shepek 54.43.

Dr. and Mrs. G. Christie 53.47.

Mrs. J. A. Lemmer and Mrs. W. Schuldes 50.00.

Mr. and Mrs. G. E. Dehlin 50.00.

St. Joseph Senior
Class Play To Be
Presented June 3

The St. Joseph high school senior class play, "Storm Tossed," will be presented Sunday, June 3, it has been announced. The play is now in rehearsal.

The play is a three-act comedy filled with human interest and plenty of action.

Mary Alice Rodgers plays the part of the kindly appreciative mother; Nonamaria Greis is the lovable big-hearted neighbor; Corinne Waeghe plays the devoted little sister; and Rita Eileen Decker is the vivacious heroine. The complete cast will be announced later.

Hospital

Mrs. F. L. Baldwin, 916 Seventh avenue south, is a patient at St. Francis hospital.

Mrs. Francis Costley was admitted to St. Francis hospital on Tuesday for treatment of an infected hand. She will remain in the hospital for several days.

Mrs. Alex Raiche of Hermansville is a surgical patient at St. Francis hospital.

Births

A son, William James, was born to Mr. and Mrs. William H. Clark at Cambridge, Mass., on May 23. Mr. Clark, son of Mrs. W. J. Clark, Lake Shore Drive, is attending the Episcopal Theological school at Cambridge.

To pick up objects it is better to stoop, bending your knees and keeping your back vertically straight. Let leg muscles take the strain off your back.

New Positions Are
Assigned To Miss
Barth, Mrs. Locke

Miss Ethel Barth will succeed Mrs. Barbara Semer as principal of the Franklin school at the beginning of the 1945-46 school year. Mrs. Catherine Locke will take Miss Barth's place as principal of the Jefferson school. These appointments were approved by the Board of Education at its last meeting, and announced yesterday by Supt. John A. Lemmer.

Miss Barth, for the past 17 years, has been principal at the Jefferson school. Mrs. Locke has taught in the city's schools for 15 years. She has had positions at the Washington, Jefferson and Franklin schools.

Cpl. Alphonse Miron will leave tonight to return to Fort Sheridan after spending his furlough with his father, Ernest Miron of Perkins, and with relatives and friends in Escanaba.

S. H. Epstein of Chicago is spending several days in Escanaba on business.

Mr. and Mrs. Leo Furo and family have arrived from Detroit and will visit here before Mr. Furo leaves for Pearl Harbor. Mrs. Furo is the former Mildred Bittner, daughter of Mr. and Mrs. Gust Bittner.

Pvt. Robert Legault arrived last night from Battle Creek, Mich., and is spending a furlough at the home of his parents, Mr. and Mrs. Ed Legault, 328 South Eighth street. Pvt. Legault has recently returned to this country following his liberation from a German prison camp. Enroute to Escanaba, he visited friends in Milwaukee.

Miss Joan Bean, daughter of Mr. and Mrs. George Bean, formerly of this city, arrived yesterday from Pontiac. She will remain here to participate in commencement exercises of her class at the Escanaba high school. While in Escanaba Miss Bean will be the guest of the Misses Sue Moran, Rachel Anthony and Marilyn Watson.

Mrs. J. E. Byrns has gone to Marquette where she is visiting Mr. and Mrs. Joseph Shioman, former residents of Escanaba.

George N. Harder of Wells has gone to Chicago.

Cpl. Edward Gulndon who has recently returned from 24 months service in the Aleutians is spend-

ing a 45-day furlough with his father,

Good News for Motorists

THE increase in gasoline rations is cheering news for A card motorists, marking as it does the first increase in basic mileage allowance since the beginning of the rationing program. Moreover, it comes after a series of discouraging reductions in allowances for most of the nation's motorists.

The 50 per cent boost in gasoline rations for A card holders sounds big, but in terms of mileage it's not so very large. For some months A card holders have received an allowance of slightly less than two gallons per week. The new ration will be slightly less than three gallons per week, effective June 22. On the basis of the OPA standard of 15 miles per gallon, this means that A card holders will be permitted to travel about 40 miles per week.

The easing of the gasoline supply, made possible by the end of the war in Europe, also is reflected in increased ceilings for holders of B books. In addition to the increase in the value of A stamps, which all B book holders possess, motorists who qualify for non-preferred occupational driving will be permitted up to 650 miles per month in B stamps. This represents an increase of 175 miles per month in B mileage for motorists who can prove the need. Principal beneficiaries will be salesmen who have been severely pinched in travel allowances up to now.

The new gasoline ration allowances still won't permit much pleasure driving, but the increase nevertheless is welcome news to motorists who for the past several years have been forced to leave their cars in the garage for days at a time because of the lack of fuel.

Japs Use Balloons

ONE of the best-kept secrets of the war has been the Japanese use of free-flying paper balloons, carrying small-sized bombs, in a frantic effort to cause destruction and hysteria in the United States.

Newspapers were cautioned not to use any publicity about the discovery of the balloons some months ago, and the military secret was closely guarded as the general public was not aware of what was happening. Whether the balloons were launched from some of the Japanese-held islands or from submarines has not been revealed, but they have thus far caused little damage. It is hinted a few people were either killed or injured, but property damage has been negligible.

Quite likely, the Japs were primarily interested in arousing panic on the American home front by their secret weapon. It has had none of the terror presented by the Nazis' robot bombs, however. Publicity is now being given to the Japanese balloons as a precautionary measure because it is feared that some persons might be injured by some of the unexploded bombs.

That the Japanese are resorting to the flying of balloon bombs aimlessly toward our shores from distant points gives a hint of the desperate straits in which they find themselves. The American people are beyond the stage of being frightened by such tactics. The Japs might as well be sending us some "Made in Japan" firecrackers for our next Fourth of July celebration.

Cabinet Shakeup

PRESIDENT TRUMAN has done much to inspire public confidence by the appointments to his cabinet to fill the vacancies created by the resignations of three of its members.

There will be tears shed over the departure of Secretary Frances Perkins, whom President Roosevelt would not replace because he never wanted to let any of his friends down. America's first woman cabinet officer was pretty much a figurehead, and most of the important matters affecting labor have been handled by the War Labor Board and other agencies created by the New Deal. Secretary Perkins carried no weight with the labor unions, and the cabinet will be strengthened by the addition of Federal Judge Louis Schwellenbach, a former senator.

Succeeding Secretary Wickard in the agriculture department will be Rep. Clinton Anderson of New Mexico, about whom little is known except that he has served as chairman of the house food committee and has recently made some highly critical reports on the nation's food situation. Anderson will also absorb the functions of Marvin Jones, war food administrator, who resigned after a good record of service to return to the judicial bench. This indicates that President Truman will give Secretary Anderson complete supervision over the food situation, thereby eliminating the confusion over responsibilities that has existed in the past. The food shortage is the nation's No. 1 domestic problem just now.

Secretary Wickard will remain in public service as administrator of the Rural

Electricification Administration, a position that the senate denied Aubrey Williams. Resignation of Francis Biddle as attorney general likely will be regarded as no great loss, for he is being replaced by Assistant Attorney General Tom Clark of Texas, who has a good record for ability and performance.

All in all, the changes represent a clear gain in the stature of the cabinet, all of which will be helpful to President Truman as he leads the nation through the difficult years that lie ahead.

Illegal Fur Traffic

THREE out-of-state fur dealers were arrested by the Michigan conservation department in Manistiquette this week when it was found they had illegal possession in about a \$1,000 worth of beaver, mink, otter and muskrat pelts. The furs were confiscated and trio of bootleggers paid fines of \$100 each.

The defendants were not so worried about paying the fines, but they were fearful of the unfavorable publicity their offense would bring them. At first, they threatened reprisals if the local newspapers used the story. Failing in this approach, they begged for suppression of the news, all to no avail.

Persons engaged in any kind of illegal traffic usually don't mind paying a fine once in awhile for they plan to make it up later with similar offenses. It is impossible for the officers to catch them every time. But, they abhor publicity. It is for this reason that newspapers are a valuable adjunct to law enforcement officers in the constant effort to combat crime.

Other Editorial Comments

TRAIN WHISTLES

(Washington Star)

There are a number of things that weld the vast sprawling regions of this country into one nation. Among them one accords the whistles of trains a high place. There is something about the long, lone-some-sounding wail at night that distinguishes it from other sounds. Train whistles echo back and forth among the granite-ledged hills of the northeast as the puffing engines twist along the winding river valleys. They send their echoes through the pine lands of the south; the sound rolls across the flat, rich fields of the middle west and reverberates among the craggy passes of the Cascades.

Out in the country the farmers and townfolk listen for the whistles of the 5-15 at Smiths Crossing, half a mile from the village depot. The country man pulls out his watch and says: "Number Eight's six minutes late, but she can make it up on the straight run into Centerville." Farm lads pull up their teams or sit on the tractor seat and watch the cross-country flyer come speeding across the prairie. There is the long "whooh-whooh-who" as the engineer blows for the Four Corners a mile ahead. And he always waves to the boy in the field beside the tracks.

In past decades untold numbers of lads have lain in their beds in farmhouses and listened to the train whistles that carried so distinctly in the damp air of the night. In that call that came from a lighted train rushing through the darkness to a distant city they have heard the call of life's adventure. Some day they, too, would be on that train, and the whistle would be a challenge, a clarion call to a young man seeking fame and fortune.

Women crime investigators are valuable as men, says an Ohio judge. Maybe because they're good lookers.

Another answer to two divided by one is divorce.

Gracie Allen Says--

Well, as near as I can understand that supreme court ruling, one state can say to a couple "You're Divorced," and another state can say "You're Not! You're Still Married," if it wants to.

It seems that according to this ruling, people who get one of those quick Reno divorces may find that they're divorced when in Nevada and still married when they're in some other state.

This can lead to a whole new cycle of popular songs. In fact, I've composed a few lines as a starter:

"Oh, we're free in ol' Nevada but still spliced in Caroline--

"We are strangers up in Reno but in Texas you're still mine." And think what this situation could do to a man like Tommy Manville! If his divorces became valid only in Nevada he might have to make that state his permanent home.

Take My Word For It . . . Frank Colby

READERS' CORNER

From C. H. K., Pittsburgh:
How comes it, Frank, that now and then we hear a speaker call it "wen"? Also the dope that makes men frisky, John Barleycorn, is dubbed as "wiskey." Then others with a cock air
Will say there's trouble "every-w-ere." It's not that I'm a perfect buy . . . But "w-at" I want to know is "w-y?"

Answer:
Sure, ivory book on English tatches. That we should nivr slought ough aitches.

(Please forgive the Irish brogue--it was the only way to find a rhyme for "atches")

From Mrs. C. W. H., Fresno: Since "photogenic" now means "excellently suited for being photographed," as you have explained, can a person whose voice records well be said to be "phonogenic"?

World Events Analyzed

BY MARQUIS CHILDS

Washington--The war department is following with deep concern the recent outbreaks in California against Japanese-American citizens who have left relocation camps to return to their homes. The war department fixed the policy, over the firm opposition of the department of justice, of taking one group of American citizens on the basis of their racial origin and placing them as a group in detention camps.

It is this responsibility, in setting a precedent contrary to all American tradition, that is worrying civilian heads of the department. Moreover, the army recognizes a duty to returning veterans and they are wondering how far they will have to go in protecting Japanese-American veterans, a high proportion of whom have Purple Hearts, when they return from the war.

—FIRE INTO HOMES—

About 15 terrorist attacks on returned Nisei have occurred thus far. There have been four cases of attempted arson and seven threats. In the most recent instances reported to Washington, cars have driven by Nisei homes at a high rate of speed and the occupants have fired into the house.

In one case, the home owner was a returned veteran. With him was a Nisei friend in uniform on furlough. So far no one has been hit, but that seems to have been merely accidental.

When I was in Italy recently, American officers without exception spoke in praise of the 442nd Infantry Regiment, which is made up of Japanese-Americans with their officers of non-Japanese descent drawn mostly from the Middle West. And loudest in their praise were the officers serving with the Nisei.

Beginning with the landing at Salerno, they went through all the hell of the Italian campaign. The 100th Infantry Battalion was one of the first to receive a unit presidential citation. The Nisei were cited again for an outstanding performance at Belvedere and Sassetta, when they neutralized a German strong point and sent the enemy reeling in disordered retreat.

The story is the same here at the war department. In war department files are numerous instances in which Nisei have distinguished themselves in the Pacific war. They have given invaluable assistance in intelligence and reconnaissance work that often was carried out at the utmost peril.

—THEY ARE AMERICANS—

These men coming back from the war deserve something better than hoodlumism. They regarded themselves as Americans—most of them could not even speak Japanese—and they fought like Americans.

The number of Nisei returning to the West Coast is very small. The recent attacks cannot possibly be justified on the ground that the returned citizens constitute any threat to the security of the community. Latest reports showed that 1,824 had returned to California, 349 to Oregon and 364 to Washington. The large majority of those being released from relocation centers are going to the East and Middle West.

Involved in all this is more than the individual tragedy. If it were no more than that, we should simply write it down as one more entry in a record crowded with tragedies.

Americans on the West Coast have one of the greatest opportunities in history. They can assume the leadership of the Pacific world. Persons who have talked recently with General Douglas MacArthur tell of his conviction that America's future lies in raising the standards of sub-standard peoples in the Far East. MacArthur, who did so much to help make possible the gallant stand of the Filipinos, believes that increasingly our national opportunity will lie in the Orient.

But that can come only if we assume mature leadership. It cannot come through force. We have made an excellent beginning in the Philippines by helping a dependent people to achieve independence. That example shines out in the Pacific world.

Its meaning, however, can be completely eclipsed if we permit the poisons of racial and color hatreds to come to the surface here at home. In only one instance, in Placer county, have the terrorists been brought to trial. There, according to reports to Washington, the defense attorney argued that this was a "White Man's Country" and it should be kept so. The jury freed the defendants.

Secretary Ickes has spoken out courageously against these outrages. So have others. This is something that concerns not just a region, but all of us.

Answer: While I have never seen the word, it is as legitimate as "photogenic" in its newest meaning, for photogenic literally means "phosphorescent; producing or generating light." In other words, fireflies, glowworms, and many marine animals are photogenic. Hence, phonogenic, plus -genic, "producing or generating," would be a quite proper coinage meaning, "producing or generating sound."

English is like that.

From G. W. McB., Chevy Chase: I've been seeing the word "chi-chi" recently. I've been told there are Chinese and Mexican definitions. A columnist says, "It is much more chi-chi to go to Palm Beach . . ." Etymology, please.

Answer: Chi-chi, pronounced: CHEE-chee, in American slang is equivalent to "smartly sophisticated; glamorous." Apparently, its origin is the French word chichi, pronounced: shee-SHEE, which Larousse lists as meaning: (1) False hair; (2) a small ruche; (3) noise, confusion; (4) wheedling or coaxing talk.

"It Was a Carrier, So Big, Called the U. S. S. Franklin!"

Good Morning!

By The Bugler

SAME OLD PLOT—The annual melodrama of "Gold in the Hills, or The Supervisor's Secret" is being enacted all over again this year at the Delta county court house, but with almost a brand new cast of characters.

The play is presented by the county tax allocation commission.

The plot is practically threadbare. By this time, but it makes for good entertainment. There is a hero who tries to grab as much tax revenue as possible to keep the villain from foreclosing on the Old Homestead and selling the beautiful blonde farmer's daughter into a life of degradation.

Only peculiarity of the plot is that the parts of the villain and the hero are interchangeable. One year the schools are the villains, next year they're heroes. Next year's play stars the county as hero and the schools are the villain.

Of course, this makes for complication and the public generally is confused to the point of cheering indiscriminately—villain one performance, hero the next.

PURE AND ALARMED—Only so far the Old Homestead hasn't been lost and the farmer's daughter remains pure and alarmed.

She has reason for alarm this year for the schools of Escanaba and Gladstone are cast in the role of the city slicker out to do our hero (the County) in by grabbing a higher tax allocation and tying the farmer's daughter in front of the buzz saw in the old mill of "higher valuations" on rural properties.

The other night at the first act of the "dramah" the hero on the tax allocation commission was bound hand and foot, while the villain put the protesting damsel on the skids and started her toward the buzz saw.

So far, of course, not a drop of blood has been shed, but the suspense is terrible.

UNHAND MY DATTER!—The father of the farmer's daughter is the one whose suspense is killing him. His predicament is tighter than a pair of new shoes.

Back on the Old Homestead he has the shotgun loaded and ready for the first assessor who dares set foot on his property. He trusts that our hero (the County) this year will be able to save the situation by breaking the ropes that bind him, and with one strong swoop of his muscular arm snatch the fainting heroine away in the nick of time, grab the pot of gold from the villain and pay off the mortgage on the Old Homestead be preserved from the threat of higher valuations?

Will the villain turn his head for that vital instant? Will our hero throw off his bonds in time? Will that fair damsel's skin be scratched? Will the Old Homestead be preserved from the threat of higher valuations?

ACT 1: SCENE 2—But this build-up is all a matter of anticipating, the plot being that familiar. The audience knows pretty well what has happened in the past—but how will the drama end this time? You never can tell, you know.

Besides, there is one new element in the plot this year that might make a difference. There are the "Big City Interests" who have swept their front doorstep assessor into their homes and contented that the Old Homesteader should also spread the welcome mat.

But the Old Homesteader keeps his shotgun handy—and those city

INTO THE PAST

10 Years Ago—1935

Washington--The senate passed the \$400,000,000 naval appropriations bill, after restoring an item of \$11,000,000 to finance the beginning of construction of 24 new vessels.

Lansing--A law has been passed barring the use of trap nets by commercial fishermen in Lake Michigan and Lake Superior.

Miss Jane LaPine, daughter of Mr. and Mrs. Frank LaPine of Masonville, became the bride of John Boudreau, son of Napoleon Boudreau of Garden.

Garrard Belanger is leaving today for Blaney Park resort where he has taken a position for the summer.

Manistiquette—George Marin, graduate of Manistiquette high school, has been elected president of the freshman class in the dental college of the University of Michigan.

Escanaba is host today to the fourth annual Upper Peninsula band festival. A parade this morning features 500 student musicians, representing 13 schools.

Students of St. Joseph's school will honor Rev. Fr. Edward Leary on the occasion of his silver jubilee.

20 Years Ago—1925

New York--There has been no news from the Amundsen-Elsworth North Pole expedition. More than four days have elapsed since the airplanes left Spitzbergen, for their Polar flight, and nothing has been heard from them.

Detroit—Fifteen armed rum chasers will be put on duty in the Great Lakes to combat the smuggling of liquor from Canada.

Manistiquette—Oscar Anderson, and daughter, Thora, left yesterday for Norway where Mr. Anderson will visit his boyhood home. Miss Anderson is principal of the Lakeside school here.

Gladstone—Mr. and Mrs. Arthur Williamson have returned here after a wedding trip to Minneapolis and Chicago. Mrs. Williamson was Miss Rachael Harris of Rapid River before her marriage.

Forty members of the Escanaba Kiwanis club will attend a joint meeting with the Marinette club, in that city. Local men speaking at the dinner are the Rev. John B. Hubbard, Torval Strom and O. I. Bandeen.

slickers are threatening him with such dire things as The State Tax Commission.

The Old Homesteader shudders. Suppose they catch him with his assessments down?

SONG OF VALUES—Meanwhile, our hero, though bound hand and foot in the old mill, breaks into a high tenor:

Since I was elected,
All properties were inspected.
Yes, it is not pleasant
To slap on more assessment.
Values must stay down!
Friend and neighbor,
It's you I seek to favor.
What if city rolls are higher?
I am the township squire!
Values must stay down!

THIRD ACT—Before the curtain goes down on the melodrama being staged by the county tax allocation commission there is sure to be plenty of action.

This third act is scheduled to be presented at the court house Tuesday night, June 4. At that time friends of the hero should be out in force to assist him, if the thread of the plot holds together. There will be a considerable amount of speech-making and the villain will have a lot of accusing fingers pointed at him. (Last year the fingers were being pointed at the hero.) And this year the cursors and Ah-hums, "Ex-tend" would say. And the hero may "Exit pursued by a Bear"—the State Tax Commission.

—Clint Dunathan.

The Washington Merry-Go-Round

BY DREW PEARSON

(Col. R. S. Allen now on active service)

Washington—It is always difficult to diagnose what goes on inside the inscrutable Russian mind. But it is not difficult to know what goes on in Stalin's mind regarding one man who has played a large part in our Russian relations—Winston Churchill.

From the days immediately after the last war, when Churchill spurred the sending of Allied troops to Archangel and Siberia to block the Bolsheviks, they have always disliked him. Even when Wendell Willkie dined in the Kremlin, Stalin rose and launched a violent attack against Churchill for taking lend-lease

Pearson

planes off ships destined for Russia when those ships stopped in Scotland.

Knowing how Churchill encouraged Czarist admirals and generals to fight against them in the early struggling days of the Soviet, and how even recently Churchill remarked, "what will stand as protection between the White Cliffs of Dover and the White Snows of Russia?", it is easy to understand why Stalin is sometimes almost savage in the notes he sends to Churchill.

With Franklin Roosevelt alive, the Russians had a friendly third party whom they liked and trusted, to act as mediator between Stalin and Churchill. Once or twice, especially at Teheran, the two men were literally at each other's throat before Roosevelt stepped in.

But today, with Roosevelt dead, Stalin suddenly finds himself face to face with the man he distrusts and dislikes, and dealing with a new American President whom he doesn't know, but who is generally considered under the influence of his anti-Russian state department.

This in itself undoubtedly is one important reason for Russian suspicion and their throwing of monkey-wrenches.

—BRITISH VS. RUSSIAN SPHERES—

Furthermore, all this has happened just at a time when the British had already carved out their sphere of influence in Europe and just as the Russians were about to carve out and enjoy theirs. With the British already having their complete say in Greece, Belgium, and Italy under U. S. blessing, the Russians now see a new U. S. President stepped in to tell them they cannot have the same free hand enjoyed by the British.

The background to all this is important. It dates back to Roosevelt's Casablanca meeting with Churchill in January 1943, when the late President tacitly agreed that Britain was to make all political and economic decisions for the Mediterranean and the Near Eastern war theatres. This was stretched to mean that all lend-lease in this area was distributed by the British, that UNRRA worked under British direction, that no U. S. military men could go inside Greece or Yugoslavia without a British OK.

Roosevelt lived to regret this, especially when he saw American tanks manned by the British firing on civilians in the streets of Athens. In fact, Athens was fresh in his memory when he left for his second meeting with Churchill and Stalin at Yalta.

—WOODROW WILSON'S TROUBLES—

At Casablanca, Roosevelt had believed it wiser for the United States to keep out of European politics. He was always worried about the trouble his old chief Woodrow Wilson experienced over Fiume and the turbulent details of European controversies.

So Roosevelt's first decision was to leave European politics to the British. But later, when he saw what happened in Greece, Belgium and Italy, he journeyed to Yalta determined that the United States must play its part in guaranteeing the four freedoms of the liberated countries.

That was behind the Yalta plan for Big Three consultation regarding new governments, new boundaries and other changes in the liberated areas. Roosevelt had conceived this idea as much as anything as a safeguard against the British. But by that time, the British had pretty well finished their program in Greece, Italy, Belgium, Abyssinia and North Africa; so the chief effect of the Yalta agreement fell on the Russians, who were just beginning to open up Poland, Austria, and the Balkans.

Having agreed to this plan of Big Three cooperation, the Russians were confronted with the fact that the man who had been friendly in the past, and with whom they expected to cooperate in carrying out the Yalta plan, was dead. Now they have to deal with Churchill, whom they consider subservient to an anti-Russian state department. Unquestionably, this is one of the major reasons for our troubles with Russia today.

Furthermore, when you look at the details of what has happened in some of the liberated countries, it is not hard to understand the Russian point of view.

For instance, the new Austrian cabinet, set up by the Russians, is considered by many U. S. officials to be excellent. The same is true of the Yugoslav cabinet. Both are democratic and representative of their countries. It is true they were not established in consultation with the United States and Great Britain as required by the Yalta pact, and therefore the Yalta agreement was violated.

However, when the Russians see what the U. S. state department did in North Africa and what it permitted the British to do in Italy and Greece, you can understand why they don't particularly relish consultation with U. S. diplomats now that Roosevelt is dead.

Cleveland is planning an exhibition of livestock in its Public Hall. My gosh, are we going to be charged, now, just to look at meat?

MRS. THIBAUT DIES IN GARDEN

Funeral Services Will
Be Held Saturday
Morning

Mrs. Azeline Thibault, 83, widow of Aristide Thibault, died at the home of her son, Ulysses Thibault, at Garden early Thursday morning after a two year illness.

Mrs. Thibault was born in Saint Urban, Canada, and came to Garden 62 years ago. Since the death of her husband, she made her home with her son. She was a member of St. John the Baptist church of Garden, St. John's Altar society and the Royal Neighbors lodge.

Nine children survive. They are: Eugenia Thibault, Los Angeles; Mrs. Josephine Lavigne, Manistique; Louis J. Thibault, Detroit; Archie, Duluth, Minn.; Mrs. Corinne Hase, Dearborn; Romuald, Duluth; Ulysses, Garden; Emile, Iron Mountain; and Victor, Nahma. Thirty grandchildren and 24 great grandchildren also survive.

The body was taken to the Alto funeral home and will be returned to Garden at 11 o'clock this morning. Funeral services will be held at St. John the Baptist church at 9 o'clock Saturday morning, with Rev. Father Sanford officiating. Burial will be in the Garden cemetery.

Tail lights of 300,000 candle power have been installed on the rear of the trains of the North Western and Rock Island railroads. Visible three miles in the daytime and eight miles at night they are being tried as a means of preventing rear-end collisions.

City Pays \$29,808 On Tank Contract

The city of Escanaba yesterday paid the Chicago Bridge and Iron company \$29,808, or 60 per cent of the contract price for the erection by the company of a 500,000-gallon elevated water storage tank for the city. Total contract price is \$49,680.

The first payment is made under the contract when the company has all of its materials on the site and ready to start construction. This has been done.

Another 30 per cent of the contract price will be paid when the tank is erected, and the remaining 10 per cent when the tank has been tested and accepted by the city.

Mrs. Arthur Saari Of Trenary Dies

Mrs. Arthur Saari, 32, Trenary, died at 2:15 o'clock yesterday afternoon at St. Francis hospital after a brief illness.

Mrs. Saari was born in Munsing August 4, 1912, and had lived in Trenary most of her lifetime. She was a member of the Finnish Lutheran church and the Lady Maccabees of Trenary.

Besides her husband, she is survived by two daughters, Thelma and Marine; her parents, Mr. and Mrs. Victor Laine, Dukes; and four brothers, Raino and Waino, Detroit; Cpl. Toivo Laine, Camp Ellis, Ill.; and Eino Laine, Detroit.

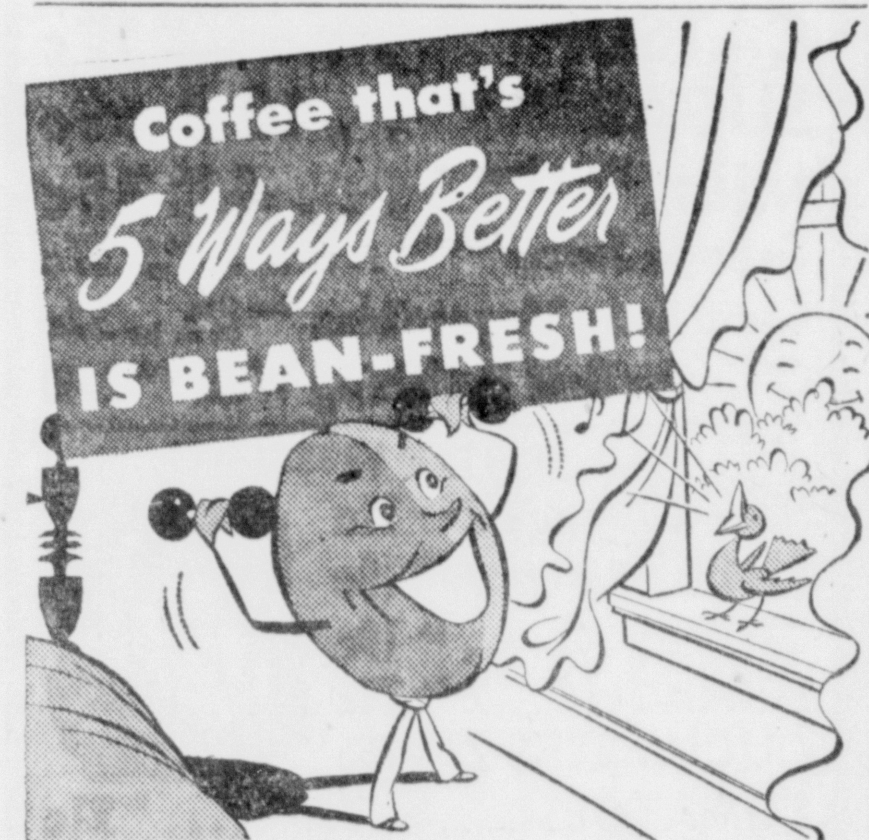

The body was taken to the Alto funeral home. Funeral arrangements are incomplete.

A new rubber made from sand, incorporating the use of silicon, the main component of sand and glass, is being used for specialized military purposes and may be used for automobile tires after the war.

Mother Is Informed Of Death Of Her Son

Mrs. Martha Reese, 1500 A. W. Hopkins, Milwaukee, Wis., has received additional information concerning the death of her son Sgt. George W. Reese who died of wounds in Italy April 19, 1945.

Captain Bernard E. Burns, Chaplain of St. Reese's Infantry Regiment advised: "The day he lost his life we were in a front line position in Northern Italy attacking the enemy. Sgt. Reese's Infantry company was in a position that was being shelled by enemy artillery and he was very gravely wounded. Every effort was made by the physician at the forward aid station to save his life but his wounds were too severe and he lived only a short time."

"Sgt. Reese was known to many of us in the battalion. The officers and men have asked me to express to you their deepest sympathy at losing your fine son. They wish you to know that he was admired and respected by the officers and men who knew him and respected his qualities of leadership."

Your son's body was removed to an American military cemetery in northern Italy and he was buried with full honors.

Mrs. Reese formerly resided in McMillan and also in Escanaba.

P. F. GENIESSE, FAYETTE, DIES

Former Resident Of This
City Stricken In
Ann Arbor

PETER F. GENIESSE

Peter F. Geniesse, 75, Fayette, former resident of Escanaba, died at the University hospital in Ann Arbor at 5:30 o'clock Thursday morning after an extended illness.

Mr. Geniesse was born in Green Bay, April 4, 1870, and came to Escanaba when a young man. For many years, he was employed as a salesman for wholesale houses. Later, he moved to a farm in Fairbanks township.

While a resident of Escanaba, Mr. Geniesse was active in fraternal circles. He was a past grand knight of the Knights of Columbus, and served 20 years as esquire of the Elks lodge, of which he was a lifetime member.

He is survived by a daughter, Mrs. Grant Hamm, Iron Mountain; two brothers, Frank, Charlevoix, and John, Fayette; and four sisters, Mrs. Leo Vassav, Flint; Mrs.

Dr. Elstein Replaced As County Health Director; DeKleine Requests Change

The health committee of the Delta county board of supervisors last night unanimously asked the resignation of Dr. M. A. Elstein as director of the county health department. After careful consideration of reports of Dr. Elstein's activities as director, Dr. William DeKleine, Michigan state health commissioner.

Effective today, Dr. Wilburn Menke, assistant director of the state health department in the Upper Peninsula, will take over as temporary acting director of the Delta county health unit until the services of a new director are obtained. Dr. Menke will serve without cost to the county.

Dr. Elstein, who has been serving on a month-to-month basis for the past 14 months, was requested by the county health committee to submit his resignation before July 1.

The action of the committee last night followed the presentation by Dr. E. V. Thiehoff, director of the bureau of local health services of the Michigan health department, of a letter from Commissioner DeKleine to Supervisor Harry Greene of Garden, chairman of the county health committee. The letter was as follows:

"I am writing you, as chairman of the health committee of Delta

county, to tell you that I wish to request the resignation of Dr. M. A. Elstein as director of the Delta County Health Department. After careful consideration of reports of Dr. Elstein's activities as director, it is apparent that the needs of the county will be best served by replacing him with another man."

"I have asked Dr. E. V. Thiehoff to meet your committee on Thursday evening, May 24, to present the matter for your action."

The county health committee which unanimously concurred in the request of the state health commissioner is composed of Supervisors Harry Greene of Garden, chairman, Fred Schram of Gladstone, Victor Nelson and Henry Wylie of Escanaba, and Harold Gustafson of Ensign.

Dr. Elstein became director of the county health department in April, 1942. Fourteen months ago he was placed on a month-to-month basis by the county board on recommendation of the health committee.

For more than a year there have been rumors of change in the administration of the county health unit because of reported dissatisfaction with the services rendered by the director, Dr. Elstein.

The present schedule of pre-school clinics is being conducted in the local schools with the volunteer assistance of local practicing physicians. Normally such clinics are conducted by the director of the county health unit.

Dr. Elstein has received a salary of \$4,200 a year and travel expenses, which last year totaled

\$329.41.

The county health department is financed with federal, state and local funds. Last year nearly \$15,000 was expended in its operation. Of this total \$4,730 was county funds, \$4,864 federal, \$3,750 state aid, and \$2,800 from the city of Escanaba.

Yesterday Dr. Thiehoff and Dr. Menke conferred with directors of the Alger-Schoolcraft and Luce-Mackinac health units, and in the afternoon with directors of health units in the Iron River area.

GOLD REFINERY

An electric furnace in which the molten metal is controlled by merely touching a series of electric buttons, is the newest mechanism for refining gold.

LAND AUCTION BRINGS \$9,660

State Sells 1,977 Acres
In County, 28 City
Lots Yesterday

The sale of state-owned land in Delta county at public auction at the courthouse yesterday brought 1,977 acres in the county and 28 city lots back into private ownership. Proceeds from the sale totaled \$9,660.

C. E. Mallar, Lansing, assistant chief of the lands division of the conservation department, and L. E. Jankowski, lands executive, conducted the sale which was completed in one hour and 45 minutes.

utes. The number of land parcels to be sold was smaller this year than in past years. The acreage offered for sale totaled 2,127, and the acreage sold was 1,977 at a sale price of \$5,960. In the cities of Escanaba and Gladstone 31 platted lots were offered for sale and 28 were purchased at a price totaling \$3,700. All of the lands offered for sale yesterday were those in which the former owners failed to pay delinquent taxes and title to the land reverted to the state. The former owners have an opportunity to redeem their property, and do so in many cases.

In Escanaba the city, represented by Councilman Harold Gasman, bid in twelve lots at a total cost of \$2,135 to protect the city against loss if the property changed hands. The city, as illustration, has \$205 in unpaid tax assessments charged against a lot being auctioned.

Unless the city purchased the lot it would lose the amount it has expended for improvements, such as street paving. By purchasing the lot, the state returns to the city almost all of the amount owing on assessments. The city then sells the land back into private ownership, or trades with private owners to obtain land for public use.

Jefferson School Has Clinic Today

The pre-school clinic will be held at the Jefferson school this morning from 9 to 10:30 o'clock. Dr. G. W. Benson, Dr. G. W. Moll and Dr. Edna McInerney will be the examiners.

Yesterday's clinic was at the Franklin school. It was conducted by Dr. Harold Groos and Dr. J. J. Walch. P. T. A. helpers were Mrs. Franklin Reese and Mrs. Fritz Anderson.

Rev. J. G. Ward Is Appointed To Church Committees

The Rev. James G. Ward of St. Stephen's Episcopal church was appointed to a number of committees at the fifteenth anniversary convention of the Episcopal Diocese of Northern Michigan which concluded Wednesday afternoon at Marquette. The Rt. Rev. Herman R. Page spoke at the closing session.

Rev. Ward was named a member of the following committees: constitution and canons, resolutions and memorials, church archives and memorials. He was also appointed an examining chaplain by Bishop Page. Britton Hall, member of the Escanaba delegation, is also on the church archives and memorials committee. The 51st convention will be held in St. John's church, Negaunee.

Stella M. D'Amour,
James Chauvin Wed

Beautiful, impressive rites marked the wedding yesterday morning of Stella Madelyn D'Amour, daughter of Mr. and Mrs. O'Neil D'Amour, 913 Michigan avenue, to Apprentice Seaman James E. Chauvin, son of Dr. and Mrs. Emmet Chauvin, Mechanicsville, N. Y.

Vows were spoken at a solemn nuptial high mass at 10:30 o'clock in All Saints' Catholic church before the Rev. Fr. O'Neil D'Amour, brother of the bride. Assisting Fr. D'Amour were Fr. Robert Monroe, Menominee, as deacon; Fr. Joseph Dunleavy, Marquette, as sub-deacon, and Fr. Ralph Sterbenz, Garden, as master of ceremonies.

Cut flowers adorned the altar and baskets of flowers the altar railing for the occasion.

To the strains of Lohengrin's traditional wedding march the bride advanced up the white carpeted aisle to the altar upon the arm of her father, who gave her in marriage.

Attendants were Mary Ann Scott, Rapid River, maid of honor; Mary Carney, Hancock, and Edith Cavill, Ashland, bridesmaids; Mary Helen Cassidy, Rapid River, and Barbara Boyce, Escanaba, flower girls, and Vincent Carmody, Kalamazoo, uncle of the groom, best man.

Ushers were Major William Cassidy of Rapid River and Seaman 2/C Robert Cavill of Escanaba.

The bride was lovely in a floor length gown of white marquisette with train and white veil and she carried a white missal with a white orchid and white streamers. The maid of honor was attired in an aqua colored gown while the bridesmaids wore gowns of peach color. Dresses of the flower girls were of white taffeta net and they

carried colonial bouquets.

The Mass in Honor of St. Teresa was sung by the senior choir of All Saints church under the direction of Mrs. C. A. LaFave, organist. At the offertory, Gounod's Ave Maria was sung by Louis Gabriel and at the close of the service Roy La-Cosse sang On This Day Oh Beautiful Mother. Mendelssohn's wedding march was played as the recessional.

A wedding breakfast for immediate members of the families and wedding party was served at 1 o'clock at the House of Ludington in Escanaba.

For her going-away outfit the bride chose a dress of black crepe trimmed with white with black sequin hat.

Attending the wedding were a large number of Catholic clergymen of the Marquette diocese; namely, Revs. Joseph Guertin, Sault Ste. Marie; George Laforest, Escanaba; Ovid LaMothe, Munising; Norbert Freiburger, Escanaba; Edward Feldhaus, Escanaba; Charles Sagola, Escanaba; Sebastian Maier, Menominee; Joseph Schaul, city; Thomas Anderson, Rapid River; Mathias LaViolette, Flat Rock; Fr. Ehlinger, Houghton; Fr. Alphonse, Escanaba, and Alphonse Cognard, Perkins.

Out-of-town persons attending the ceremony included Dr. and Mrs. Emmet Chauvin and daughter, Peggy, Mechanicsville, N. Y.; Mr. and Mrs. Vincent Carney, Kalamazoo; Miss Alice Carney, Hancock; Mrs. Jesse Cavill, Ashland, Wis.; Mrs. Mary Cavill, Menominee; Mrs. George Birch, Detroit; Dr. and Mrs. Donald Boyce and S 2/C Robert Cavill, Escanaba; Gene Mattson, Kankakee; and Mrs. William Cassidy, Mrs. Frank Gerlach and Mr. and Mrs. Fred Cavill of Rapid River.

POLICE WARN
OF NUISANCE

Cooperation Of Parents
Urged In Ending
Practices

Several public nuisances have developed here which must be curbed or police action will be taken and the offenders dealt with as the law prescribes, Police Chief Torval Kallerson warned yesterday.

One is the breaking of street lamps at intersections. In nearly every instance where a light has been reported out of commission recently, utility workmen have found the bulbs broken, not burned out. It is believed to be the work of rock-throwing or sling-shot-using youths.

Numerous complaints have also been received at headquarters that the finish on autos has been damaged while the cars were parked in the downtown district. The marks indicate the damage is inflicted by children who climb on fenders, then atop the car and slide down the sloping back of some of the models. Others just slide on the fenders.

Another practice and a dangerous one is the use of tiny pieces of metal from amateur stampings at the Marble-Card plant as a missile to be shot with rubber bands. The children call them "tinsels" and bend the piece in a 'V' similar to shape of a paper spitball which could be shot with a strand of rubber. The extreme hazard in the practice is apparent when it is disclosed that the rough, fairly sharp edge of the metal has been known to draw blood on a child who was struck. Chief Kallerson said that a person's eye struck by such a missile might be irreparably damaged.

Cooperation of the parents of youths of this city is being urged by police authorities in ending the nuisances.

City Briefs

Mrs. Marvin Olive, Delta avenue, returned Wednesday night from Battle Creek, where she visited her husband.

Mrs. I. A. Davis has returned from Munising and Chatham where for the past two weeks she has been visiting with relatives.

Petty Officer 3/C Jack Ridings, U. S. N., Cape May, N. J., is spending a 12-day leave visiting with his wife and infant daughter and with his parents, Mr. and Mrs. Sidney Ridings.

Mr. and Mrs. B. A. Marohnic have returned from Chicago where they visited for a week and attended the wedding of their son, Brian J. Marohnic, chief radio technician, U. S. N.

PROBE STORY
OF WOODSMAN

Tells Officers He Left
Wife, 4 Children
7 Years Ago

Walter Stankiewicz, woodworker, who said he formerly lived in Chicago, is being held in the county jail for investigation after his admission to state police of the Gladstone post that he had deserted a wife and four children in Chicago in 1938.

Officers were investigating another case, when in questioning Stankiewicz at Camp 31 of the Bay de Noc Lumber company the man told the officers he had left his

family 7 years ago and came to the Upper Peninsula, never returning. He gave officers an address on Blackhawk street as his former residence.

He was brought to the police post here and fingerprinted while Chicago police were contacted to learn if he was wanted for desertion there. No complaint had ever been lodged against the man there. Fingerprints are being forwarded for checking.

Stankiewicz told officers he had never been arrested for anything other than drunkenness.

Obituary

BARBARA RENARD
Funeral services for Barbara Renard, 6-weeks-old daughter of Mr. and Mrs. Donald Renard, who died Wednesday at Marquette, will be held this afternoon at 2 o'clock at All Saints' Catholic church. Burial will be made in Fernwood cemetery.

The Kelley funeral home is in charge.

Perkins

Perkins, Mich.—Mr. and Mrs. William Moreau and Miss Eileen Moreau were to Escanaba Sunday night, where Mr. Moreau entered St. Francis hospital for treatment.

The Misses Julia, Leone, and Frances Casimir of Detroit arrived Saturday to attend the funeral of their brother, Constant Casimir.

Mr. and Mrs. Gerard Depuydt and Mr. and Mrs. Freddie Krouth were to Munising on a fishing trip Sunday.

Mr. and Mrs. Stanley Gerou of Duluth Minn., visited with relatives here Friday.

Mr. and Mrs. Ray LeClaire and Mrs. C. LeClaire were shoppers in Escanaba.

Donald Depuydt son of Mr. and Mrs. G. Depuydt who joined the army some time ago is now stationed at Camp Robinson, Ark.

Briefly Told

Novena Service—Novena services are to be held this evening at 7 o'clock in All Saints' Catholic church.

Luther League — The Luther league of the First Lutheran church is to have a roast at the Lawrence Johnson home on the bay shore at Stonington tonight at 8 o'clock.

MOTHER, MAY I HELP YOU CLEAN HOUSE?
YOU SURE CAN BETTY, LETS START BY MAKING THE KITCHEN CLOROX-CLEAN... FOR ADDED HEALTH PROTECTION!
It's a good idea to teach children the importance of sanitation in house cleaning. It's good for them to know that Clorox-cleaning, a modern method of hygienic home cleansing, helps safeguard family health. For Clorox disinfects home "danger zones"... makes them safer, less liable to be a source of infection. Clorox also deodorizes, removes stains. It's ultra-refined—contains no caustic, lime, acid or other harsh substances.
Make Laundry Clorox-whiter Millions of housewives use Clorox to bleach white cottons and linens snowy-white (brighten fast colors), make laundry sanitary, too. Simply follow directions on the label.
AMERICA'S FAVORITE BLEACH AND HOUSEHOLD DISINFECTANT
CLOROX
FREE FROM CAUSTIC
Disinfects
DEODORIZES • BLEACHES • REMOVES STAINS
Bathrooms Made Sanitary! It's easy. Simply use Clorox in regular cleaning of tile, enamel, porcelain, linoleum and wood surfaces.

WAR PRISONER ON WAY HOME

Cpl. Earl Murphy Was
Prisoner Of Germans
Thirty Months

Mr. and Mrs. Archie Murphy, 109 North Second street, were thrilled Thursday by receipt of news that their son, Cpl. Earl J. Murphy, T-5g, is on his way home after spending two and one-half years in a German prison camp near Berlin.

The V-mail letter received by the parents, stated that the young man is in good health, that he was writing from France, having been flown to the coast from Germany and that he was awaiting transportation home.

The letter brought an end to long months of worry on the part of the parents, for word concerning Earl during the past thirty months has been confined to the few cryptic notations war prisoners were permitted to write on forms provided by the German

government. The last card received, written some time in December, stated that food rations were very skimpy.

Corp. Murphy was with the 19th Engineers Division, stationed in North Africa when he was captured. Word received concerning him at that time stated that he had been ambushed while guarding an outpost. His liberation came on May 2, just a few days before V-E day. He had been in the armed service a little over four years.

Co-op Association Sponsoring Program For Sunday Evening

The educational committee of the Manistique Co-op association has arranged for an educational and entertainment program which will be held at the Knights of Columbus hall on next Sunday evening, at 7 o'clock.

R. B. Kiiskinen, educational fieldman for the Northland Co-op Federation, will speak, interesting movies will be shown and refreshments will be served free.

No admission will be charged and the public is invited to attend. Buy and Sell the Classified Way.

CURLEY SAFE, PARENTS TOLD

Manistique Couple Gets
Word From Son John.
Reported Missing

Mr. and Mrs. Robert Curley, 537 Oak street, received definite assurance Thursday that their son, S/Sgt. John Curley, previously reported missing in a flight over Germany, is alive and well.

The good news was received in a cablegram from John which said: "All well and safe. Hospitality of people wonderful."

On March 23, the bombing plane in which Curley was flying was shot down near Dortmund, Germany, and a message from the war department reported the young flier missing. Later the parents received a letter from an air force chaplain saying that there was a bare possibility that their son was alive, as crewmen from other planes in the mission had seen men bail out from Curley's wrecked plane. No further word was received until the cable came Thursday from Curley.

Many Tracts Of State Land Were Sold Wednesday

Seventeen tracts of state owned land in Schoolcraft and Luce counties were sold at public auction here on Wednesday, according to Miss Laura Williams, city treasurer.

The land, located in scattered areas throughout the two counties, had been placed on sale as suitable for agricultural purposes and the acreages were, for the most part, taken up by farmers living in the neighborhoods adjacent to them.

Although few tracts were sold for more than the minimum price set by the appraisers, competitive bidding was sharp in a few instances. This was particularly true of two acreages in Luce county which went for slightly over \$1,000 each.

Successful bidders were issued 31-day purchase certificates which entitled them to a deed to the property at the end of that period provided the former owner on record did not redeem the property.

Of the forty-one parcels of land listed, 24 remained unsold.

Briefly Told

Rummage Sale—The Goodwill club will hold a rummage sale beginning this afternoon until tomorrow in the Ford garage.

Rummage Sale—The Mission Circle of the Bethel Baptist church is sponsoring a rummage sale June 9 in the Ford garage.

One-half of the desert land of the world is governed by France.

Thelma Bretz Married May 20 In Illinois

At a ceremony performed at 4 o'clock Sunday afternoon, May 20, at the home of Dr. J. H. Bretz in Homewood, Ill., Miss Thelma M. Bretz, daughter of Mr. and Mrs. C. W. Bretz of this city, became the bride of Paul S. Boomer of St. Marys, Ohio.

The Rev. Dr. Robert Bell officiated at the service. Attendees were Mrs. Kay M. Deering of Ottawa, Ill., and Vernon T. Johnston of LaGrange, Ill.

The bride wore a white silk crepe street length dress with fingertip length cape and white accessories. Her corsage was of white sweetheart roses, and she carried a handkerchief her mother carried at her wedding. Her attendant wore an aqua crepe suit with aqua and black accessories. Her corsage was of pink carnations.

Mrs. Bretz, the bride's mother, wore a dusty rose printed sheer. Immediately after the ceremony an informal reception was held at the home of Dr. and Mrs. J. H. Bretz.

A dinner for 30 guests was served. A large wedding cake, candles, and lilies of the valley centered the reception table.

Mrs. Boomer wore on her short wedding trip, an aqua wool suit with a Chinese type coat and pink accessories. On their return, they will make their home in St. Marys, Ohio.

The bride is a graduate of Manistique high school, Home Economics department of Northern State college, Marquette, and secured her dietetic internship at the University of Michigan. She is a member of Sorosis and Delta Sigma Me Sororities. Mr. Boomer is station agent at St. Marys.

Out-of-town guests at the wedding included Mr. and Mrs. C. W. Bretz, Mrs. Carl F. Anderson and daughter, Sandra Faye of Manistique, Miss Marjorie Bretz, Kalamazoo, and Miss Margaret Boomer of Dayton, Ohio.

Social

Presbyterian Guild—Members of the Presbyterian Guild met Wednesday evening at the Van Eyck cottage at Copenhagen Beach for the last meeting of the Guild year.

Mrs. Carl Carlson was the devotional leader. A pot luck dinner was served at 7 o'clock. The group enjoyed moving pictures presented by Mrs. John Girvin.

Twenty members and friends were present.

Shower Party—Mrs. Connie Donovan was the guest of honor Wednesday evening at a shower given for her at the home of Mrs. Mable Berger.

Games were played during the evening after which delicious refreshments were served.

Mrs. Donovan was the recipient of many lovely gifts.

Lady Foresters—A card party was held Tuesday evening by the Lady Foresters in the K. of C. hall.

Honors for the evening went to Mike Barnes, high in cribbage, and Cecil Johnson, low. Mrs. Evangeline Norton received high in five hundred, and Mrs. Rosanna Courmay, low. Olive Smiths received high in contract, and Mrs. L. O. Finch, low.

Tasty refreshments were served at the close of the games.

News From Men In The Service

An Eighth Air Force Bomber Station, England—First Lieut. Adolph A. Barnes, 21, son of Mr. and Mrs. John A. Barnes of 535 Delta avenue of Manistique, Mich., has been awarded his second oak leaf cluster to the air medal, equivalent to another award of the medal, for "meritorious achievement" as pilot of an Eighth Air Force B-17 Flying Fortress in the 490th Bomb. group.

The flyer, a former meat retailer, entered the AAF in December 1942.

One-Handed Stick—A new type airplane control stick operated by electronics has been developed for bombers which requires only one pound of pressure to move it or which can be moved with one finger, whereas formerly a pilot had to exert 100 pounds of energy to move the stick of a four-engine bomber. The new control stick will help relieve pilot fatigue and permit better bombing and formation flying.

A postoffice worker in the southeastern section of London must be familiar with 6700 streets.

GUN CLUB TO DINE MONDAY

Sportsmen's League Head
Will Address
Meeting

The Manistique Gun club will hold its annual meeting and dinner at the parlors of the First Methodist church on Monday evening at which time business matters of the club will be taken up and disposed of and officers elected for the coming year.

Peter Trudell, of Negaunee, president of the Northern Michigan Sportsmen's League, will speak at the meeting and devote part of his talk to an explanation of the aims and purposes of the league. He has stated that he would like to have the Gun club join his organization.

All members of the Gun club are urged to be present.

City Briefs

Ted Graphos, son of Mr. and Mrs. George Graphos, left Tuesday evening for Great Lakes, Ill., where he will enter naval training.

Sgt. and Mrs. Julius Settergren are the parents of a daughter, Sandra Mae, born Thursday morning at the St. Joseph hospital in Rice Lake, Wis. Sgt. Settergren is stationed somewhere overseas.

Mrs. Lawrence Kosequat, who has been a patient at the Shaw hospital, has been dismissed to her home on North First street.

Bob Curley Jr., returned yesterday from Chicago, where he passed the physical test for V-5 naval cadet training, having passed the Naval Reserve several weeks ago. He is expected to enter the track meet Saturday at Houghton with the local high school team.

Henry Hulshof, A.M.M. 2/C, has arrived here to spend a 30-day leave with his parents, Mr. and Mrs. Bert Hulshof, 601 West Elk street, and his wife, the former Florence Shutey. He has spent 23 months in various islands in the South Pacific.

Misses Virginia and Clara Mathews, having successfully completed their secretarial courses at Tiffin university, Tiffin, Ohio, with superior gradings, a military correspondence course and an orientation program at Dayton, received their ratings on April 25 and have been assigned to offices of the AAF, Air Technical Service Command, Wright Field, Ohio. They are expected to visit their parents, Mr. and Mrs. Eugene Mathews of this city, soon.

Mr. and Mrs. Adam Houghton and Mrs. Perry Downing and son, Terry, spent Tuesday in Escanaba visiting with Lieut. (J.G.) Peter Ray Houghton and family.

Lawrence Thomas Weds English Girl

At a ceremony which took place May 5 in London, England, Miss Rose Cowman of London became the bride of Pfc. Lawrence Thomas, son of Mr. and Mrs. Leo Thomas of this city. The wedding took place at 2 p. m. in a Catholic church.

A wedding dinner was served following the ceremony with twenty guests present.

The bridegroom, who was wounded a year ago, has been in a hospital for some time in England.

T/Sgt. Lloyd Thomas, a cousin, who has been stationed in England also, attended the wedding.

Pfc. and Mrs. Thomas expect to arrive here soon.

Missions To Be Discussed At Church Meet

Delegations from practically all of the churches included in the Upper Michigan conference were represented at the opening of the forty-second annual meeting of that group at the Bethel Baptist church Thursday evening.

The delegates and pastors were officially welcomed by the Rev. Harold Martinson, local pastor and moderator of the district. The response was given by the Rev. Alfred N. Larson, Norway, who is vice moderator. Rev. Walter N. Danielson, foreign mission secretary delivered the evening sermon.

Today's sessions, opening at 9, will include reports of the officers; devotions, the Rev. Carl V. Anderson, a missionary; and a talk, "Foreign Mission Advance," by the Rev. Walfrid Danielson, secretary of foreign missions of the Swedish Baptist General conference. A round-table discussion of the new foreign mission program will be started at 2 by the Rev. Danielson.

The evening meeting at 7:30, in charge of the Women's Union, will include the welcoming, by the Rev. A. E. Ellison, Iron Mountain, of new churches in the conference.

The annual meeting of the Women's Union of Upper Michigan, en's Union of Upper Michigan, with Mrs. Axel Kjell, Niagara, president, in charge, will be held at 2 o'clock. Mrs. Louise Hill, Iron Mountain, a former missionary, will speak on "Pray Ye Therefore."

The conference will continue on through Saturday and Sunday with jubilee services, in observance of the sixtieth anniversary of the establishment of the local Baptist congregation marking the final activities.

Milk more than 50 hours old cannot be sold in Chicago.

BACKACHE, LEG PAINS MAY BE DANGER SIGN

Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with a burning and burning sometimes where there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills

Benton Breaks Leg As Tigers Lose Protested Game; Cubs Fall, 6-3

SHUT-OUT ACE IS HIT BY BALL

Batting Order Mixup Argued By Both Managers

Philadelphia, May 24 (AP)—Pitcher Al Benton, shut-out ace of the Detroit Tigers, suffered a broken right leg today as the Philadelphia Athletics defeated the Tigers 7 to 2 in a game which was protested by both managers.

Benton was hit by a line-drive off the bat of Bobby Estalella and was carried from the field in the fourth inning. Dr. James E. Pugh, Athletics' club physician, said the five-game winner received a fracture of a small bone above the right ankle.

Protests resulted from a mixup which developed in the second inning when George Kell and Irv Hall exchanged positions in the Athletics' batting order. After declaring Kell out because of the error, Umpire Eddie Rommel instructed Kell to lead off in the third.

It happened this way: Detroit was leading 1-0 when Joe Burns struck out, opening the A's half of the second inning. According to the batting order posted on the scoreboard, Kell followed Burns. Rommel's official card, however, put Hall ahead of Kell.

Kell followed Burns and struck out. Hall singled and Dick Seibert came to the plate when Detroit protested.

Since Kell was ruled the first improper batsman, he was an automatic out the second time in the inning that he was listed as an out.

Batting in sixth position, Kell was ordered to lead off in the third, which meant only five batters provided six putouts in the first two innings.

Manager O'Neill said Benton would be sidelined "three or four weeks."

Two walks, two singles and a two-base wild throw by Skeeter Webb gave the Athletics four runs and the ball game in the fifth inning, with Les Mueller pitching in Benton's place. Roy Cullenbine hit a homer for the Tigers.

Losing pitcher—Mueller. Umpires—Rommel, Phipps and Grieve. Time—2:10. Attendance 2,732.

RED SOX 8, BROWNS 6

Boston, May 24 (AP)—The Boston Red Sox forced Pitcher Jack Kramer to throw the sixth inning as they beat the St. Louis Browns 8 to 6.

Ten of the Sox came to bat in the big sixth and Ben Steiner, who got four hits in five times at bat, brought in the first two runs with a homer after Leon Culbertson singled.

Jack Tobin reached first on an error by Boris Martin and after Bob Johnson singled and Pete Fox walked, filling the bases, Jack Miller took over the St. Louis pitching assignment from Kramer.

George Metkovich singled, bringing in the third and fourth runs, and Skeeter Newsome's single brought in the fifth tally of the inning.

St. Louis ... 200 010 300—6 9 2
Boston ... 101 015 008—8 14 1

Kramer, Miller, West and Hayworth, Mancuso; Woods, Ryba and Garbarik.

ERRORS BEAT SOX

New York, May 24 (AP)—Four errors, two of them by Rookie Shortstop Cass Michaels, all but cost the Chicago White Sox the American League lead today as the New York Yankees rapped out a 6-3 margin to take second place.

Atley Donald tossed the Yankees to within a half game of the Pale Hose but he was touched freely for 12 hits, one more than the winners collected off Oval Grove, Johnny Johnson, Frank Papish and Earl Caldwell.

Bud Metheny drove in half the New York scores.

It was the third victory for Donald and a second setback for Grove who had copied three.

Chicago ... 000 010 020—3 12 4
New York ... 120 110 108—6 11 0

Grove, Johnson, Papish, Caldwell and Tresh; Donald and

George Ruwittch, Escanaba football and basketball coach, who attended the state athletic association football rules meeting in Lansing Monday, reported yesterday that the projected peninsula-wide football rules meeting will not be held next fall because of transportation restrictions. It was planned to have H. V. Porter, secretary of the national interscholastic association and the No. 1 authority on prep football rules, conduct the rules meeting, and Porter was willing, but the ODT travel restrictions vetoed the plan. Such a meeting may be held in the 1946 season, however.

When Michigan high schools were using the collegiate football code, the state association adopted a number of modifications for high school football in the state. Since the adoption of the national interscholastic rules, however, there has been a desire to stick as closely to the rule book as possible. Next fall there will be no state adoptions of rules contrary to the interscholastic rule book, but Michigan schools are authorized and urged to experiment with two proposed changes. One would permit any team to run a recovered fumble, and the other would allow an offended team to refuse any penalty.

Perhaps the most important change in the interscholastic football rules code for the 1945 season is one that provides that the ball shall not remain dead in case of illegal motion or shift. In the past an illegal shift, or backfield in motion completely nullified the play and the referee was obliged to blow his whistle to stop the play and inflict the penalty. This is changed under the new rule, and presumably such plays will be ruled the same as offside plays in which the offended team will have the opportunity to decline the penalty if it so desires.

In the past, Michigan high schools were permitted to participate in any district track meet that they desired, with a recommendation by the state association, however, that schools participate in such meets that are closest to their respective schools. Because of some flagrant violations of this unwritten agreement, it is likely that next year the state association will designate the district meet to which each school will be assigned.

SENATORS BLANKED, 1-0
Washington, May 24 (AP)—Tenth inning doubles by Pat Seery and Jim McDonnell gave the Cleveland Indians and pitcher Steve Gromek a 1-0 shutout victory over Washington tonight.

Roger Wolff, the Senator hurler, had given up only four singles until Seery and McDonnell came up with their game winning two base clouts.

Gromek gave up five hits, all singles, and did not permit a Senator to reach third base.

It was Cleveland's second straight win of the series.

Class B regional records at Menominee which excelled those in the same classes at Houghton, Wakefield, and Marquette are: century, Dufresne, Escanaba, 10.7; mile, Carlson, Iron Mountain, 5:02.9; 120 high hurdles, Peterson, Escanaba 16.7; vault, Weir, Escanaba, 10 ft. 3 in.; broad jump, Manning, Escanaba, 19 ft. 10 in.; shot put, Mottes, Iron Mountain, 46 ft. 1 1/4 in.

On the basis of performance in the regionals, the closest competition this week end should be in the century, 440, and shot put of Class B; the shot put in Class C; and the century and 120 high hurdles in Class D-E.

College laboratories will be open Friday evening, and Tech faculty men will be present to explain the equipment and operations to visiting athletes. On Saturday after the meet, all contestants, coaches, visiting schoolmen, and officials will be guests of the college at a dinner in Douglass Houghton Hall.

SQUAD LEAVES FOR HOUGHTON
Schram Pessimistic, Says Odds Are Against Eskymos

Coach Dick Schram, Assistant Coach Henry Wylie and a squad of 11 Escanaba high school track and field performers will travel to Houghton today to defend their upper peninsula Class B championship, but Coach Schram added a note of pessimism about the team's chances to retain its title.

The entries of the Escanaba team, upon the basis of qualifiers in the district meet last week at Menominee, follow: 100 yard dash, Bill Dufresne; 120 high hurdles, Bill Peterson; 220 yard dash, Ken Dufresne; 440 yard dash, John Manning, Jim Ross, Bill Finnegan; 880 yard run, Francis Corbett, Don Theoret; mile run, John Jacobs; pole vault, Cliff Weir, Jim Ross; high jump, Jack Finn; broad jump, John Manning, Ken Dufresne; shot put, no entry; relay, Dufresne, Ross, Jack Schils, Manning.

Weir and Finn are nursing injuries that have forced them out of practice sessions this week and Ken Dufresne, the team's highest scorer this season, has been suffering with a sore muscle.

Last year the Eskymos won

the championship, but they were defeated in the final by the Iron Mountain team.

The team will be accompanied by a number of fans and will leave for Houghton at 10:30 a.m. today.

BRUINS TUMBLE BELOW THE 500

Last Place Phils Chase Derringer In Fifth With 5 Markers

Chicago, May 24 (AP)—The Chicago Cubs tumbled below the 500 mark as they bowed, 6-3, to the last-place Philadelphia Phils before a paid crowd of 3,178 today.

Dick Barrett gave the Bruins only five hits, but two were homers by Harry (Peanuts) Lowrey and Andy Pafko which accounted for all three Cub runs.

The Phils chased Big Paul Derringer in the fifth as they showed across five markers on five singles. Derringer, trying for his sixth win, was touched for a walk and four straight singles, before he was relieved by Mack Stewart in the big Phil inning.

Philadelphia ... 100 050 000—6 8 1
Chicago ... 000 201 000—3 5 1

Barrett and Mancuso; Derringer, Stewart, Erickson and Rice.

HOMER HELPS GIANTS
Cincinnati, May 24 (AP)—Pinch Hitter Danny Gardella's home run with Buddy Kerr on base in the eighth inning enabled the New York Giants to grab their second straight victory over Cincinnati today by a 7-6 margin.

Bill Voiselle, who had won eight in a row but never had topped the Reds, failed again when he was knocked out of the box in the second frame.

Adams, the second of three relief hurlers, received credit for the victory over the veteran Hod Lisenbee.

New York ... \$50 000 020—7 10 0
Cincinnati ... 210 020 100—6 10 0

Voiselle, Emmerich, Adams, Hansen and Lombardi; Dasso, Lisenbee, Beck and Lakeman.

HOMER ENDS DUEL
Pittsburgh, May 24 (AP)—Johnny Barrett's 11th inning homer snapped the tension in a wild scoring duel between Pittsburgh and Boston today as 2,156 fans saw the Pirates nose out the Braves 10 to 9 in a game that was tied four times.

The Braves nearly had the game in the bag in the 10th when Tom Holmes doubled bringing in two runs. In their half of the inning, the Pirates, with two men on base, put in pinch hitter Lee Handley who duplicated the feat to tie up the game 9-9.

The Buccos used 20 players to whip the Braves in the second overtime game of this four-game series. The see-saw tilt was knotted in the first, seventh, eighth and 10th innings.

Rookie Ken Gables who went on the mound in the 11th, was credited with a win and Bob Logan, who entered in the 10th, with a loss.

Barrett's homer was obtained off Logan's first pitched ball in the 11th inning.

The Pirates did so much pinch hitting that its regular staff was used up and the game ended behind the batter's box as catcher, Boston ... 200 010 310—9 15 4
Pittsburgh ... 200 210 210—10 14 3

Andrews, Logan and Ulinsey; Strincevich, Butler, Cucurullo, Gables and Gustine, Saikelo, Lopez.

BARRETT STOPS DODGERS
St. Louis, May 24 (AP)—With Red Barrett, who was obtained by the Cardinals in the deal which sent Mort Cooper to Boston yesterday, making his first Redbird start, the world champions defeated the Brooklyn Dodgers 7 to 5 tonight.

The Cards came from behind in the fourth inning to score four runs and take the lead. Barrett figured in this rally with a double against the left field wall, scoring Ken O'Dea for the fourth run and sending Hal Gregg to the showers.

Augie Galan got five straight hits including his third home run of the season. Buster Adams clouted his fifth homer of the year with one on in the fifth.

Brooklyn ... 012 000 011—5 13 1
St. Louis ... 000 421 00x—7 12 0

Gregg, Nicholas, Chapman and Owen; Barrett and O'Dea.

GAMES TODAY
New York, May 24 (AP)—Probable pitchers for tomorrow's major league games with won and lost records in parentheses:

American League
Chicago at New York: Humphries (1-0) vs. Gettel (1-2).
St. Louis at Boston: Potter (3-2) vs. Wilson (1-4).
Detroit at Philadelphia, night: Overmire (1-1) vs. Newsom (1-3).
Cleveland at Washington, night: Bagby (0-5) vs. Haefer (1-4).

National League
New York at Cincinnati: Fledman (4-1) vs. Heusser (3-2).
Brooklyn at St. Louis, night: Davis (4-2) vs. Wilks (2-3).
Philadelphia at Chicago: Wyatt (0-2) vs. Wyse (4-3).
Boston at Pittsburgh: Tobin (2-5) vs. Roe (3-2).

points in every event, but this will not be possible this year. The Eskymos have no entry in the shotput and although they are entered in all other events, it is regarded as unlikely that they will score in all the events in which they are entered.

Preliminaries will be held Saturday morning with the finals scheduled for the afternoon.

ORDINANCE NO. 157
AN ORDINANCE TO REGULATE AND LICENSE TRANSIENT PHOTOGRAPHERS.

THE CITY OF ESCANABA ORDAINS: Section 1. That all transient, itinerant and non-resident photographers, canvassers or solicitors of photographs or other pictures or enlargements of same taken, photographed or otherwise made, prepared or enlarged and sold or delivered, or to be sold or delivered, or for the transaction of any business in connection therewith, within the City of Escanaba, regardless of whether such goods, wares or merchandise are peddled from house to house, sold upon the street, in public places, or sold from any room, building, structure or lot rented or leased for the purpose of carrying on such business, shall be licensed, and shall be licensed in the manner and continuous manner as compared with the manner in which like businesses are conducted by persons, partnerships and corporations having established places of business within the City of Escanaba.

Section 2. That any person, partnership or corporation desiring to engage in or transact any photograph business in the City of Escanaba, shall be required to obtain a license from the City of Escanaba, and shall be required to pay the fee therefor, as hereinafter provided, is hereby prohibited.

Section 3. The terms "transient, itinerant and non-resident photographer, canvasser and solicitor" are hereby defined to mean any person who shall engage temporarily in the making or selling of photographs or enlargements thereof, within the said City of Escanaba, regardless of whether such goods, wares or merchandise are peddled from house to house, sold upon the street, in public places, or sold from any room, building, structure or lot rented or leased for the purpose of carrying on such business, and shall be licensed in the manner and continuous manner as compared with the manner in which like businesses are conducted by persons, partnerships and corporations having established places of business within the City of Escanaba.

Section 4. That any person, partnership or corporation desiring to engage in or transact any photograph business in the City of Escanaba, shall be required to obtain a license from the City of Escanaba, and shall be required to pay the fee therefor, as hereinafter provided, is hereby prohibited.

Section 5. Such application shall be accompanied by a bond in the penal sum of Five Hundred (\$500.00) Dollars, executed as surety by some surety company authorized to do business in the State of Michigan, and two responsible freeholders, residing in the City of Escanaba, in the sum of Fifty (\$50.00) Dollars, and shall be conditioned that all goods, wares and merchandise or articles sold by such applicant, or articles sold by him which are not as represented, and to save harmless from loss or damage caused by such applicant or his agents, servants, canvassers or solicitors. Any person, partnership or corporation failing to comply with the provisions of this ordinance, shall be liable to the recovery of his or her damages.

Section 6. Upon the filing of such application and bond, and the approval of such bond by the Clerk of said City, license shall be issued by the Clerk of said City to such applicant to begin business on the day following the filing of such application and bond, provided that such applicant shall at the same time as filing said application pay to the City Treasurer of said City of Escanaba the following fees: Fifteen Dollars for one day; Forty Dollars for one week; Seventy-five Dollars for one month, and Two Hundred Dollars for each year.

Section 7. Each and every day this ordinance is violated shall be deemed a separate offense.

Section 8. Any violation of this act shall be a misdemeanor and any person upon conviction thereof shall be punished by a fine of not more than one hundred (\$100.00) dollars, or by imprisonment in the county jail for not more than ninety (90) days, or by both such fine and imprisonment, at the discretion of the court.

Section 9. Should any provision or section of this ordinance be held invalid for any reason, such holding shall not be construed as affecting the validity of any remaining portion thereof, it being the intent of the City Council that the Act shall stand notwithstanding the invalidity of any such provision or section.

Section 10. That all ordinances or resolutions heretofore passed or adopted in conflict with the provisions of this ordinance be and the same are hereby repealed.

CARL E. ANDERSON, City Clerk.

Approved: SAM R. WICKMAN, Mayor.

Passed at a meeting of the Council held May 17, 1945.

LAND POLICY IS DISCUSSED

Conservation Department
Official Meets With
Committee

The Michigan conservation department's policy governing the disposal of state-owned lands to private owners was explained by Charles E. Mallar, Lansing, assistant chief of the lands division, at a meeting of the county's new state-owned lands committee.

The committee was appointed by the Delta county board of supervisors some time ago to formulate a policy on the sale of lands for agricultural and recreational purposes in certain areas. It was explained by some of the supervisors at last night's meeting that a number of farmers, who have sought to buy state-owned lands abutting their property to expand their agricultural operations, have been thwarted by outside buyers, who overbid them at public auctions. In some instances, the lands were acquired by the purchasers for private hunting grounds and other non-agricultural purposes, while it was felt that the land's best use was for farming.

Mr. Mallar was asked whether it would be possible to give the farmers, in such cases, the opportunity to buy adjoining property without public sale. He explained the law requires that whenever a request is made for the purchase of state-owned land the property must be put up for public auction, unless it is located in areas dedicated for state forests, game refuges, parks and public access to lakes and streams. At those auctions, the property must be sold to the highest bidder.

Mr. Mallar added, however, that state-owned lands may be acquired by private individuals through exchange of other land the conservation department might desire to have for its forests and other public areas. When application for the exchange is made, the desired state-owned lands are encumbered for a reasonable time for completing the transaction. In the exchange program, the conservation department adheres to a policy of first come, first served, it was pointed out.

Attending last night's meeting besides Mr. Mallar were the following members of the county lands committee: Harold Gustafson, Ensign, chairman; Harry Greene, Garden; Allen Mercier, Nahma; Elmer Klassel, Escanaba; Leo Mercier, Fairbanks; Ernest Carlson, Baldwin; Wesley Anderson, Bay de Noc; Ole Thorsen, Wells; Walter Mantti, Maple Ridge. Also in attendance were E. A. Wenner, county agricultural agent; John Anguilm, district supervisor of the conservation department; and Torval E. Strom, prosecuting attorney.

A War Yank Goes Home To England

Guildford, England (AP)—Parents have put this advertisement in a Surrey paper:—"A Young Lady of Six, shortly returning from the U. S. A. to live in Weybridge, who probably knows all the answers, needs an English governess who is willing to learn."

Briefly Told

Blue Lodge — A special communication of Delta Lodge No. 195, F. & A. M., will be held at the Masonic Temple this evening at 7:30 o'clock for work in the second degree.

Coast Guard Ship — The Coast Guard cutter Woodrush docked at Escanaba briefly yesterday afternoon to load a small boat from the lighthouse station here for transfer to another station.

Sale Of War Bonds Lagging In County

The purchase of Series E and other individual purchases is lagging in Delta county, and places the county at the bottom in the Upper Peninsula, Charles Hammar, war loan committee chairman, reported yesterday.

The county has a quota of \$714,000 in E bonds and so far the purchases total only \$148,809.54, Hammar reported. On

other individual issues the county has a quota of \$188,000 and the sales to yesterday totaled only \$87,818.50.

Delta county has been on the bottom in percentage of purchases to quota in the Seventh War Loan since the drive opened, the War Loan chairman said.

The county has a total quota of \$1,455,000 in all series, based on bank deposits and population. The Seventh War Loan drive is scheduled to end June 30.

The United States has a trade commissioner stationed in India, at Calcutta.
